BUDGET MESSAGE

12 October, 2011

The Honorable Members of the Sanggunian

My warm greetings!

As the local chief executive of the Municipality of Bani, I am submitting the P 83,571,575.64 Municipal Budget for Calendar Year 2012 for both the General Fund and Operation of Economic Enterprise pursuant to Section 318 of RA 7160 and Local Budget Memorandum No. 65 dated June 27, 2011.

A. Introduction:

This 2012 Executive Budget was prepared after a thorough deliberation with all concerned offices/ departments and interested citizens to make it an effective tool for allocating equitably the limited resources of the local government to the different sectors, thus making the Budget an instrument for the economic and social upliftment of our people. We have substantially committed funds for the programs, projects and activities needed for an efficient and effective delivery of the basic services enumerated in the Local Government Code of 1991.

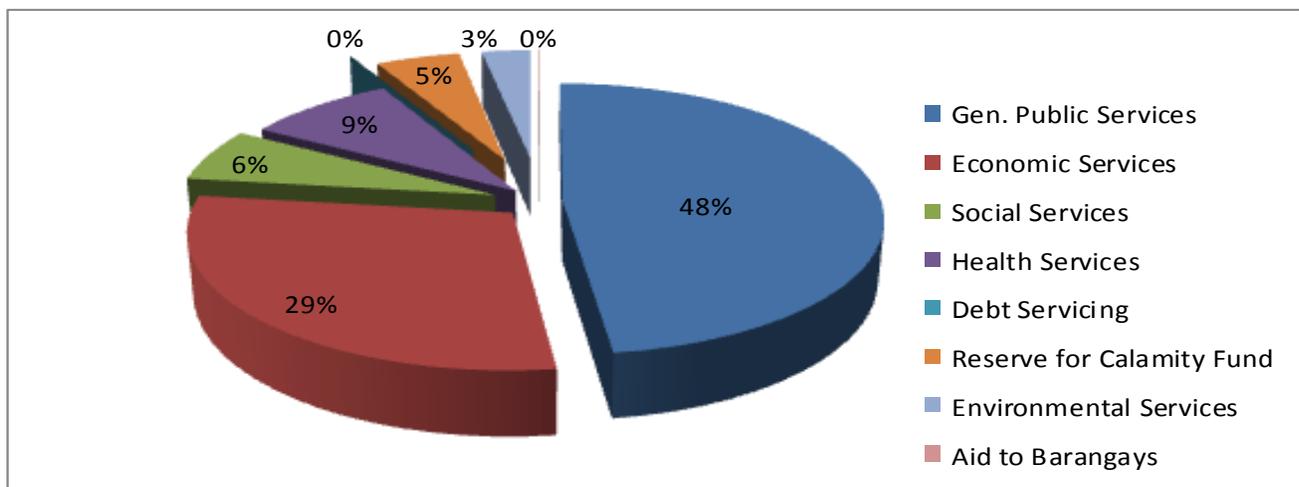

It is important to stress at this point, that the preparation of this Annual Budget has been open to the public through private sector representation so as to make decisions more participative and democratic. This is also in keeping with government's thrust for transparency and accountability in the budget-making processes. We take full cognizance of the significant roles demonstrated by non-government organizations, other private sector associations and the general public in the planning and pre-budget stage by way of their membership in the Municipal Development Council (MDC). In particular, they took active part in the review of the visions and goals in the Municipal Development Plan and the prioritized projects in the Annual Investment Program to address the current needs.

This Annual Budget integrates the Municipal Development Plan into the expenditure program by proposing only those projects which have been ranked as top priority in the AIP. To ensure the realization of the plans, programs and activities identified in the Local Development Investment Plan (LDIP), efforts was made to insure that these are contained in the budget documents.

The balanced General Fund Budget for Fiscal Year 2012 is composed of the Expenditure Program and Sources of Financing, both amounting to Eighty Three Million Five Hundred Seventy One Thousand Five Hundred Seventy Five and 64/100 (P83,571,575.64). It means a per capita spending of P1,830.62, a moderate increase compared to current year's per capita of P 1,695.67. The Expenditure Program and Sources of Financing are illustrated in Exhibits 1 and 2:

E. Millennium Development Goals (MDG) Tagging

While the Philippines has made some progress in meeting the MDG targets, there is wide disparity in accomplishment among local government units unless positive intervention is made. The MDGs offer significant opportunities to develop a realistic approach to addressing poverty-related concerns. The realization of these goals can be boosted by local initiatives and processes designed to promote awareness, strengthen advocacy and effectively monitor development trends and performance.

The ability to operationalize the millennium goals requires localization to facilitate monitoring, planning, resource mobilization and program implementation given our situation.

We need to take a common track towards ending the worst forms of human deprivation by 2015 through MDG-sensitive local development and investment plans. We, together with our local citizens' groups play key roles in ensuring the MDGs translate to better quality of life for the grassroots and are able to target the most pressing needs of our community.

Republic of the Philippines
Municipality of Bani
Pangasinan
OFFICE OF THE MAYOR

We have lined-up and tagged projects, programs and activities and prioritized in our Annual Investment Plan (AIP) to address the Millennium Development Goals (*MDG #1– Eradicate Extreme Poverty and Hunger; MDG #2 - Achieve Universal Primary Education; MDG #3 - Promote Gender Equality and Empower Women; MDG #4 - Reduce Child Mortality; MDG #5 - Improve Maternal Health; MDG #6 - Combat HIV/AIDS, Malaria and other diseases; MDG #7 - Ensure Environmental Sustainability; MDG #8 - Develop a Global Partnership for Development*).
